

# Supplier Guidelines

## Introduction:

As a leading contributor to the worldwide Heavy and Medium Duty OEM Truck, Bus, Off-Road, and Fan markets, Horton provides basic information as a guideline for conformance to its ISO/TS16949:2002 Quality System. Horton encourages existing and potential suppliers to review the attached documents and assure compliance capability, in order to become or remain a successful supplier to Horton.

## Guidelines:

- **Terms For Standard Purchase Order For Tangible Goods**
- **Inbound Product Document**
- **Supplier Quality Document**
- **Inbound Shipping Requirements**
- **Documentation For Barcode labels**
